DETAILED ACTION

Response to the Petition:-

The petition to correct a typographical error in the provisional application number has been granted and the correct provisional application number 60/413,335 filed September 24 , 2002 will be entered.

Election/Restrictions

The applicants have not amended the claims to the restricted group.

Applicants arguments are not found to be convincing.

The various X and Y along with the L and B and A gives rise to numerous permutations and combinations that the groups are patentably distinct and independent.

The search of all the different variable is burdensome to the PTO.

The claims 3-19 are withdrawn since they are either drawn to a non-elected group or they are essential duplicates.

The restriction is FINAL.

The rejection to claims 1 and 26 and its dependent claims 2, 20-25, 27-33, 42 and 44 to the extent of the previous definition of X and Y has been withdrawn. However the newly added definition does not fall within the elected group.

Applicants may be able to overcome this by limiting the claims to formula II as given in claim 1.

The rejection of claim 26 under 35 USC 112 still stands since it is not clear how R1 and R2 will form an OH.

Art Unit: 1625

The claim 44 rejected under 35 USC 112 first para still stands. Even though applicants have amended the claim to just one disease , which being “metabolic disorder”, it is not clear which disorder the applicants do intend to cover.

The rejection of claim 1 under 35 USC 112 first para for the definition of a prodrug has been withdrawn since applicants have deleted the term from the claims.

Conclusion:-

The claims are not allowable.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
